

ESC Heart & Stroke 2019

2nd International Conference of the European Society of Cardiology Council on Stroke

25-26 January 2019

Park Inn by Radisson 4*, Alexanderplatz, Berlin, Germany

DAY 1 – FRIDAY 25 JANUARY 2019		
09:00 – 09 :15	Welcome and Introduction	(W Doehner / J Kovac)
09:15 – 10:30	Plenary session: Young clinician session: <ul style="list-style-type: none"> Acute stroke, what the cardiologist should know Cardiac complications in acute stroke Arteriosclerosis, statins and stroke prevention High risk carotid plaque detection by modern imaging Patients with high risk of stroke: is antiplatelet therapy enough? 	(A Sohaib / N Voigt) (N Bornstein) (W Doehner) (M Back) (M Mazighi) (R Storey)
10:30 – 11:00	<i>Break / Poster presentation</i>	
11 :00 – 12 :30	Great debate Pro/Contra I ESUS Cardio view vs Neuro view <ul style="list-style-type: none"> the ESUS concept after NAVIAGE and RESPECT – YES, ESUS works the ESUS concept after NAVIAGE and RESPECT – No, ESUS failed Great debate Pro/Contra II Arrhythmias and stroke <ul style="list-style-type: none"> Ablation of AF can prevent stroke YES Ablation of AF can prevent stroke NO 	(N Bornstein / G Häusler) (G Hindricks) (M Köhrmann) (A Sohaib) (G Boriani)
12 :30 – 14 :00	<i>Lunch / Poster presentation</i>	
14 :00 – 15 :15	Symposium: The stroke unit Session <ul style="list-style-type: none"> Case presentation: Cardiac complication on the stroke unit Anticoagulation after acute stroke – when/ how to start Blood pressure management in acute stroke Keynote lecture - the Stroke Heart Syndrome When stroke hits the heart. Troponin elevation and other problems	(W Doehner / JC Barthelemy) (M Rubiera) (C Nolte) (T Kahan) (M Endres)
15:15 – 15:30	<i>Break / Poster presentation</i>	
15:30 – 17:00	Hot topics debate: The role of interventional cardiologists in stroke treatment <ul style="list-style-type: none"> Thrombectomy in stroke can be performed only by neuroradiologists or neurologists Interventional cardiologists with carotid stenting experience should be involved in acute stroke treatment Thrombectomy in acute stroke – can we extend the time window? Stroke due to cardiac interventions – how big are the risks we take Stroke as complication in TAVI and catheter intervention Stroke protection in cardiovascular surgery: what are the option 	(I van Gelder /M Mazighi) (C Cognard) (P Widimsky) (D Skrypnik) (P Lanzer) (J Kovac) (M Czerny)
17:00 - 17 :30	<i>Break / Poster presentation</i>	
17:30 – 18:30	Symposium Practical Management of Patients at Risk of Stroke – Where are we now <ul style="list-style-type: none"> Anticoagulation after a stroke: balancing the risks and benefits Antithrombotic concepts for patients with AF and renal impairment 	(W. Doehner) (D Nabavi) (JB Westendorf)
19 :00 – 21 :00	<i>Networking event / Poster Presentation</i>	

DAY 2 – SATURDAY 26 JANUARY 2019

9:00 – 10:30 pro/con 10+10+10 4x talk 12+3	Great debate Pro/Contra III Cardiac interventions and stroke <ul style="list-style-type: none"> • LAA occlusion – Case presentation and current data • Stroke in evolution and carotid stenosis – Management and priorities • AF Detection from algorithms to implant devices • LA Ablation definite therapy or recurrent AF– the real world picture <ul style="list-style-type: none"> •• Cryptogenic stroke with PFO – ready to close? YES •• Cryptogenic stroke with PFO – ready to close? NO 	(A Halliday / P Widimsky) (U Landmesser) (A Halliday) (G Boriani) (W Haverkamp) (S Stortecky) (G Häusler)
10:30 – 10:50	<i>Break</i>	
10:50 – 12:20 3x 30	Workshop session Clinical cases and Guidelines <ul style="list-style-type: none"> • <u>Workshop 1</u> Carotid stenosis but asymptomatic: operate or stent and when? (A Halliday / B Rantner) • <u>Workshop 2</u> Aortic stenosis in the elderly: TAVI or surgery (J Kovac / M Czerny) • <u>Workshop 3</u> Anticoagulation in a complex patient (e.g. CAD±PCI + AF) (T Kahan / P Widimsky) 	
12:20 – 12:50 3x6min 10 min	Plenary Session Summary and take home Wrap-up of Workshops Summary and concluding remarks	(W Doehner / P Widimsky) (Workshop leaders) (W Doehner)
13:00	<i>Lunch</i>	

Program Committee

Course director:	Wolfram Doehner	
Members:	Alison Halliday	Isabelle Van Gelder)
	Afzal Sohaib	Mikael Mazighi
	Petr Widimsky	Martin Köhrmann (ESO Board Member)

Endorsement by ESO

This meeting is endorsed by the European Stroke Organization.

CME credits

The conference has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 8 European CME credits (ECMEC®s).

The conference was successfully accredited by the Berlin Medical Chamber. All M.Ds. licensed in Germany attending the ESC Heart & Stroke 2019 will be able to collect 9 credit points for attendance.

Educational grants

This International Conference is supported by Bayer, Bristol-Myers Squibb and Pfizer Alliance, Boehringer Ingelheim and Medtronic in the form of educational grants. The scientific programme has not been influenced in any way by its sponsor.

See you in Barcelona in 2020

A conference promoting the interaction among cardiologists, neurologists and all those with an interest in stroke.

Get an update on the latest clinical science, new trial data and state-of-the-art treatments in the field of heart and stroke.

24 – 25 January
Barcelona
